YOUR MEDICAID RENEWAL

Dear Keisha Moore,

Your Medicaid coverage is due for renewal on January 1, 2027.

To keep your coverage, you must show 80 hours each month of work, community service, job training or school, or at least $580 of income, for these months:

October 2026
November 2026
December 2026

Our records cannot confirm your hours from employer data. Please send proof of your hours or income for each month: pay stubs, earnings statements from apps, or a signed page from the organization where you volunteer.

Please respond by December 31, 2026.

You can send it online, by mail, or at your local office. If we do not receive proof, your coverage may stop. If you think you should not have to show hours, for example because of a health condition or caring for a child, tell us.

Sincerely,
Community Engagement Unit
